[redacted]^{121,122} This is consistent with representations made by Williams & Connolly, which stated in a February 22, 2016 letter: "Secretary Clinton did not transfer her clintonemail.com e-mails for the time period January 21, 2009 through February 1, 2013 to her hrcoffice.com account ..." ¹²³ The investigation found no evidence Clinton's hrcoffice.com account contained or contains potentially classified information or e-mails from her tenure as Secretary of State. The FBI has, therefore, not requested or obtained equipment associated with Clinton's hrcoffice.com account.

D. (U//~~FOUO~~) *Mobile Devices Associated with Clinton's E-mail Server Systems*

(U//~~FOUO~~) Clinton stated she used a personal e-mail address and personal BlackBerry for both personal and official business and this decision was made out of convenience.¹²⁴ Abedin recalled that at the start of Clinton's tenure, State advised personal e-mail accounts could not be linked to State mobile devices and, as a result, Clinton decided to use a personal device in order to avoid carrying multiple devices.¹²⁵ [redacted]

[redacted]¹²⁷ Cooper stated that he was aware of Clinton using a second mobile phone number.^{s,128} Cooper indicated Clinton usually carried a flip phone along with her BlackBerry because it was more comfortable for communication and Clinton was able to use her BlackBerry while talking on the flip phone.¹²⁹ Clinton believed 212-[redacted] was her primary BlackBerry phone number, and she did not recall using a flip phone during her tenure at State, only during her service in the Senate.^{t,130} Abedin and Mills advised they were unaware of Clinton ever using a cellular phone other than the BlackBerry.^{131,132}

^s (U//~~FOUO~~) During his interview with the FBI, Cooper was mistakenly shown "202-[redacted]" as the second phone number. Cooper recognized the phone number as Clinton's second number; however the correct phone number is 212-[redacted]

^t (U//~~FOUO~~) AT&T toll records associated with 212-[redacted] indicated the number was consistently used for phone calls in 2009 and then used sporadically through the duration of Clinton's tenure and the years following. Records also showed that no BlackBerry devices were associated with this phone number.

^u (U//~~FOUO~~) The FBI identified four additional mobile devices associated with 212-[redacted] which were used during Clinton's tenure. However, these devices lacked e-mail capability, and as a result the FBI did not conduct any further investigation regarding these devices.
